A few words about insurance:

Palmerton community ambulance reserves the right to submit requests for payment to Medicare, Medicaid and commercial insurance carriers for health services provided. Your subscription may cover a portion of any balance not paid by your insurer for 911 emergency calls. However, insurance carriers use the term "medically necessary" to justify paying a claim. What this means is (1) you could not have been transported by any other means and (2) your condition or diagnosis was such that you needed immediate medical attention. All emergency transports are to the nearest facility. Remember it is your responsibility to contact your insurance carrier if you currently have an HMO program. You are requested to report any emergency ambulance transports within 48 hours of the claim in order to be covered. All private commercial subscribers, your insurance carrier may pay you directly. If this should happen, you are required to endorse the check and immediately forward it along with the explanation of benefits to Palmerton Ambulance. Failure to comply would be fraudulent under our subscription agreement and would therefore void your membership. NOT TO BE USED BY BUSINESSES. LIFT ASSISTS, REFUSALS AND PUBLIC ASSISTS ARE NOT COVERED UNDER THIS SUBSCRIPTION.

WHY SHOULD YOU SUBSCRIBE TO PALMERTON COMMUNITY AMBULANCE ASSOCIATION?

Since we receive no tax monies from any of the municipalities we cover, your subscription and donations are a vital source of our operating funds.

Subscriptions provide the basic funding for your ambulance service. This funding ensures the best possible ambulance service that can be provided to you.

Your paid subscription helps to keep up with the ever-increasing cost of buying ambulances, life-saving medical equipment, training for our personnel, and many other expenses needed to provide ambulance service for our residents.

Palmerton Ambulance will bill all patient's insurance companies, including subscribers. Non-subscribers may be billed for the portion not covered by insurance.

*Palmerton Ambulance Association has been and will always be looking for ways to reduce costs and provide you with the highest quality of care possible. We are continually trying to provide you with the lowest prices possible; however, as a non-profit organization, we are not immune to the times. We have been forced to raise our prices. We promise you that we will continue to strategize and work with our partners to find ways to lessen the impact of future inflation.
